

THE URBAN FOUNDATION

TO: All Regional Participants in Education Discussion Groups

1. We have pleasure in attaching herewith a first draft of the Foundation's final submission on the de Lange Report. In preparing the draft we have concentrated on content and not the final wording. Please bear this in mind in assessing the draft.
2. A second draft, in the full proposed form will be submitted for your scrutiny early in March, and comments on wording can be dealt with before the final draft on March 31.
3. On this occasion we would much appreciate your comment (- in writing or at the meeting in your Region -) on the following:
  - 3.1 the general approach taken - i.e. a favourable response to the Report with some minor criticisms/expansions of particular points;
  - 3.2 the proposed treatment of item 4.1 and 4.2, in concept;
  - 3.3 the selection of topics for more detailed discussion in item 5 and the points it is proposed to make on each.
